

## HINT DARK HORSE ON G. O. P. COURSE

Arrival of National Leaders At  
Chicago Headquarters Occa-  
sions Floods of Rumors

## POINDEXTER ON HAND

Coolidge, Allen and Sproul Are  
Frequently Mentioned in  
"Dark Horse" Talk

Chicago, June 4. — Presidential  
rumors of General Wood, Senator John-  
son and Governor Lowden, today held  
the spotlight of convention city and  
shadows of a potential "dark horse"  
were reported with growing frequency.  
Lowden forces were jubilant over  
national committee decisions in dele-  
gates' contests, which they claimed to  
add 25 delegates to the Lowden col-  
umn, with a like loss to General Wood.  
Senator Johnson, while the commit-  
tee was weighing the Lowden-Wood  
contest, launched statements on his  
campaign plans and platform plank  
and also told of rumors of attempts  
at inroads on his instructed delegates.

Wood Forces in Harmony.  
General Wood also gave out a state-  
ment, declaring Colonel William  
Cooper Proctor and Frank H. Hitch-  
cock, his managers, were working in  
complete harmony and loyalty. The  
general vigorously denied reports that  
Colonel Proctor was being subordi-  
nated to Mr. Hitchcock.

From other quarters of the Repub-  
lican paddock came increasing talk of  
"dark horse" entries. It came with the  
arrival of more national leaders and  
also many delegates.

Presidential row also got another  
twist in the arrival of Senator Poin-  
dexter of Washington and word was  
received that Senator Harding of Iowa  
and Senator Sutherland of West Vir-  
ginia would reach here next Sunday.  
Mr. Nichols Murray Butler of New  
York is due tomorrow.

Developments today, however, were  
said by prominent leaders to leave the  
nominating still "in the air," with the  
uninstructed delegates held in the  
balance to decide outcomes. The surge  
of important consultations, it was  
said, was approaching with the pres-  
ence of members of congress, gov-  
ernors and other influential leaders,  
of whom many arrived today.

In the "dark horse" discussions,  
names figuring prominently included  
Governors Coolidge of Massachusetts,  
Allen of Kansas and Sproul of  
Pennsylvania. All discussions contin-  
ued to range about the senate commit-  
tee's investigation of campaign ex-  
penditures.

Johnson's Prospects Brighten.

Governor Lowden gave out another  
statement repudiating delegates from  
Missouri, receiving Lowden funds and  
said that was a movement to have  
them denied convention seats.

Improved prospects of the Johnson  
candidate were claimed and often  
conceded in some opposition quarters.  
In the latter it was frankly said  
that the Johnson movement "appear-  
ed to be growing" and that although  
behind in instructed delegates the  
senator appeared to be formidable.  
Opponents, however, were equally  
confident that he would not capture  
the convention by storm. In discus-  
sing the possible selection of some  
candidate not now prominent in  
the race, the possibility of coalition  
between leading candidates was con-  
sidered despite present cleavages.  
Many veteran observers said the ten-  
sion between the leaders was on the  
increase with the contest decision as  
a factor.

## PLAN FOR ADJOURNMENT

Both Senate and House Work Hard to  
Clean Up Congestion of Minor  
Legislation.

Washington, June 4. — Both senate  
and house held long sessions again to-  
night in a final effort to clean up a  
congestion of minor legislation, and  
one or two important bills before final  
adjournment at 4 p. m. tomorrow.  
The senate approved the conference  
report on the merchant marine bill  
as amended to meet house objections  
and then ground out a number of  
private pension measures. Between  
times it went into executive session to  
confirm the nominations of about 500  
postmasters. Some 600 others remain  
to be acted upon tomorrow.

The house during the day sent the  
merchant marine bill back to confer-  
ence for amendment, and took up the  
measure as revised again tonight with  
the hope of getting it to the Presi-  
dent tomorrow in time for his consid-  
eration before the 65th congress end-  
ed this, its second, session.

## OPPOSES BUDGET SYSTEM

Washington, June 4. — President  
Wilson tonight vetoed the bill to es-  
tablish a budget system of submitting  
the appropriation estimate of govern-  
ment departments. The President  
said that under the bill, congress  
would have authority to remove the  
comptroller general from office and  
that this authority should be reserved  
to the executive department.

## APPRECIATE AMERICAN AID

Berlin, June 4. — The municipal-  
ity of Berlin today passed a warm vote  
of thanks to the American Society of  
Friends, the Salvation Army, and other  
charitable organizations, for their  
valuable work among the Berlin poor.

## Schenevus Man Honored With Masonic Appointment

New York, June 4. — Appoint-  
ment of state Masonic grand lodge  
officers, district deputy grand mas-  
ters and standing committees for the  
ensuing year, were made public  
here tonight by Robert H. Robin-  
son, grand master of Masons in  
New York. The list includes: Grand  
lecturer, Horace W. Smith, Port  
Byron; Grand historian, Ossian  
Lang, Mt. Vernon.  
District deputy grand master, Os-  
wego-Schoharie, Melvin J. Esnay,  
Schenevus.

## BANK CLERKS TRAPPED IN BURNING BUILDING

None Are Hurt, However, in Fire  
Which Threatens Utica Trust  
Company Offices

Utica, June 4. — Fifty or 60 em-  
ployees in the Utica Trust and Deposit  
company building were trapped by a  
fire today which for a time threat-  
ened to prove serious. The building  
is being enlarged and one entire side  
has been taken out while the new ad-  
dition is being erected. The wall  
which has been taken down is sup-  
plied by a thin board partition cov-  
ered with paper and a curtain of heavy  
tarred canvas. One of the workmen  
in the new building touched a torch  
to the canvas and almost in an in-  
stant the entire side of the building  
was aflame. There were a good many  
customers in the bank at the time and  
these quickly escaped through the  
front doors, but about 40 girls and  
probably 15 men on the second and  
third floors were prevented from de-  
scending the stairways by the great  
volume of smoke which the tarred pa-  
per and canvas gave off. The eleva-  
tor, located near the burning parti-  
tion, could not be operated because of  
the heat, and two of the bank em-  
ployees were caught in this and had to  
be extricated by the firemen. There  
were many narrow escapes, but all  
were rescued without serious injury.  
The bank building itself, being of  
iron and steel, did not catch fire and  
the false partition was all that was  
burned. It was the most spectacular  
fire in this city in years and it was  
feared that there would be a large  
loss of life.

## SECRETARY POLK RESIGNS

President Wilson Accepts Resignation.  
Occasioned by Ill Health, Ef-  
fective June 15.

Washington, June 4. — Under Sec-  
retary of State Frank L. Polk has  
tendered his resignation to President  
Wilson, who has accepted it effective  
June 15. It is understood that Nor-  
man H. Davis, now an assistant sec-  
retary of treasury and one of the econ-  
omic advisors of the American  
peace delegates at Paris, will succeed  
him.

Mr. Polk resigns because of the con-  
dition of his health and on the urgent  
advice of his physicians. He has  
served in the state department for  
five years, first as counselor and then  
as assistant secretary. He was ap-  
pointed under secretary last year,  
when that office was created by spe-  
cial act of congress. He plans to take  
a long rest before returning to the  
private practice of law in New York  
city.

## BLOCKS BERGDOLL INQUIRY

Washington, June 4. — Objection by  
Representative Blanton, Democrat of  
Texas, today prevented action by the  
house on the resolution proposing con-  
gressional investigation of the recent  
escape of Grover C. Bergdoll, con-  
victed draft evader, in Philadelphia.  
Representative Mondell, of Wyoming,  
Republican leader, later announced  
that no further efforts would be made  
to bring up the resolution.

## WILL PICKET CONVENTION

Chicago, June 4. — Leaders of the  
National Woman's party today rented  
a small shop across from the Coli-  
seum to serve as a base for the picket  
line they plan to establish in front of  
the Republican national convention.  
The suffragists began moving in at  
once and started work on the banners  
of protest members of the party are to  
hold in view of the convention dele-  
gates.

## PRINCE ALBERT GIVEN TITLES

London, June 4. — Only one peer-  
age is bestowed in the King's birth-  
day honors, and that is conferred on  
Prince Albert, who becomes the Duke  
of York, Earl of Inverness, and Bar-  
on Killarney. Prince Albert, as King  
George's second son, thus takes the  
titles his father possessed as the late  
King Edward's second son.

## PLAN EMBARGO LEGISLATION

Washington, June 4. — A resolution  
by Senator Walsh, Democrat of Mas-  
sachusetts, directing the Interstate Com-  
merce commission to furnish informa-  
tion as to export movements of bitu-  
minous coal with a view to afford-  
ing a basis for embargo legislation, was  
passed today by the senate with-  
out debate.

## ADOPT POSTAL BILL REPORT

Washington, June 4. — The confer-  
ence report on the bill increasing the  
pay of postal employees beginning July  
1, was adopted early this morning by  
the senate. It now goes to the Presi-  
dent.

## MOSES RESENTS LOWDEN AWARDS

Alleges "Steam Roller" Tactics  
Backed Republican National  
Committee's Decisions

## SCORE SEATS INVOLVED

Race and Color Issues Are In-  
jected Into Hearing and  
Lie Is Passed

Chicago, June 4. — Decisions of the  
Republican national committee, which  
today disposed of 25 contests for seats  
in the national convention of the party,  
tonight brought a charge of "steam  
roller" tactics from Senator Moses of  
New Hampshire, who conducted Gen-  
eral Wood's pre-convention campaign  
in the southern states. He issued a  
lengthy statement whose tone was in  
sharp contrast to the jubilant notes  
that came from the Lowden head-  
quarters.

"Evidently a mistake has been  
made," said Mr. Moses' statement.  
"The steam roller which was used so  
effectively in the convention of 1912  
and with such disastrous results to  
the party in the election following  
has not been scrapped at all. It has  
merely been in the machine shop for  
repairs and some new attachments."

## Wood Loses Split as Well

Chicago, June 4. — Lowden forces  
counted 25 additional delegates into  
their column as the result of today's  
decision of contests by the national  
committee. The Wood forces, in turn,  
lost an equal number which would  
have been counted for them had the  
pending contests been sustained.

All attempts at split decisions were  
lost. While various committeemen pro-  
fessed to see behind the arguments for  
party harmony which were ad-  
vanced a reflection of personal  
views, as they might be favorable to  
Governor Lowden and General Wood,  
the committee in repeated roll calls  
refused to make compromises and  
proceeded to make decisions on the  
evidence of party regularity in the  
local and district machinery.

## Lowden Forces Win Early

Lowden forces started off on a win-  
ning streak by winning the contests in  
the eighth congressional district of  
Mississippi. They won all these dele-  
gates. They won a half vote in the  
second congressional district of Okla-  
homa, where the Wood forces won a  
half vote also by the seating of Dr.  
Hugh Scott of Holdenville and Albert  
Kelley of Bristow, respectively. Then  
the Lowden chief claimed another ad-  
dition of support when the committee  
voted to seat the regularly reported  
delegates from South Carolina, led by  
National Committeeman Tolbert. The  
tenth district of Tennessee went to the  
regularly reported delegate, Robert  
Church, a negro of Memphis, but that  
was claimed by none of the various  
managers.

The spectacular decision of the day  
was the hard fought and long delayed  
contest from Georgia, where the dele-  
gates, headed by Henry Lincoln  
Johnson, an Atlanta negro, who, it  
was testified before the senate com-  
mittee investigating campaign expendi-  
tures, received \$9,000 for the Lowden  
campaign fund, were resisting the at-  
tacks of a set of contesting delegates  
admittedly organized by Frank H.  
Hitchcock and counted for the can-  
didacy of General Wood.

Before the committee adjourned to  
continue in a night session, Johnson's  
Big Four delegates at large had been  
seated on the ground of organization  
regularity in their convention pro-  
ceedings, and the first and second  
Georgia congressional districts also  
had been voted the same way. The  
evidence in the six districts remaining  
in contest were said to be much of the  
same nature.

## Negro Problem Again Presented

South Carolina and Georgia contests  
brought the race issue and the color  
line into the deliberation of the com-  
mittee despite all efforts to keep them  
out. The contest over the Tolbert dele-  
gates from South Carolina brought up  
the much discussed question of  
whether the Republican party in the  
southern states would do better with-  
out association with the negro. The  
contesting delegates in the South Car-  
olina case stirred up a row in which  
the lie was frequently passed, charges  
of "machine rule" to perpetrate an  
"office holders' trust" and further  
charges that conditions were such  
that the Republican voters had been  
reduced by the alleged methods to a  
minimum were made.

The hearing furnished fire works  
and vaudeville. Gales of laughter,  
roars of cheers, waves of applause,  
swept the committee room. National  
Committeeman Tolbert became so en-  
thusiastic in his description of his Re-  
publicanism that he actually did a  
dozen steps of a jig and pranced up  
and down the aisle. Negro witnesses  
supporting the claim of the contest-  
ing delegation testifying to their in-  
ability to take part in the Tolbert dele-  
gation convention, declared they had  
been threatened with death if they at-  
tempted to attend them. Stacks of  
papers presented in support of the  
claim of the regularity of the Tolbert  
delegates, they declared, had been  
"hooked up" since the convention and  
there were broad intimations of how  
the signatures might have been ob-  
tained.

The committee decided, however,  
that so far as the evidence before it  
delegates.

## THREE WILL DECIDE MINE WAGE PROBLEM

Award of Commission Appointed  
By President, Is Expected  
Within 60 Days

Washington, June 4. — A commis-  
sion of three members, one each repre-  
senting the public, the miners and the op-  
erators, was appointed today by Presi-  
dent Wilson to settle the wage contro-  
versy in the anthracite field. The  
members of the commission are:  
William O. Thompson, president of  
Ohio state university, representing the  
public; Neal J. Perry of McAdoo,  
Pa., a member of the executive com-  
mittee of the United Mine Workers of  
America, representing the miners, and  
William L. Cornell, of Scranton, Pa.,  
representing the operators.

The commission will hold hearings,  
probably in Washington, and if possi-  
ble render its award within 60 days.  
Any increase in wages granted will be  
retroactive to April 1, and the awards  
will be made the basis for a new  
wage agreement replacing that which  
expired on that date.

Under the agreement by which the  
President intervened to have the con-  
troversy settled, both sides pledged  
themselves to abide by the commis-  
sion's decision and there will be neither  
strikes nor lockouts in the industry  
while the commission is reaching its  
decision.

## ACTORS WAGE ATTACK ON METHODIST CHURCH

Resent Recent Refusal to Give  
Benefit Performances in  
Their Behalf

New York, June 4. — Retaliation  
against the Methodist Episcopal  
church through refusal to give bene-  
fit performances under its auspices  
until the church repealed its "blue  
laws" forbidding theater attendance  
to its members, was urged here today  
by Francis Wilson, retiring president  
of the Actors' Equity association.

Mr. Wilson's denunciation of the  
attitude of the Methodist church was  
delivered in an address at the annual  
meeting of the Actors' association,  
which is affiliated with the American  
Federation of Labor.

"For their service in the war, if for  
no other reason," Mr. Wilson said,  
"members of the theatrical profession  
have earned the respect of every peo-  
ple, every sect and creed and they  
have gotten this respect and honor  
from all creeds except the Methodist  
Episcopal church."  
"Until their blue laws prohibiting  
their people from going to the theater,  
dancing or playing cards are re-  
pealed, this association will ask its  
members to refuse to render any ser-  
vice at performances or benefits sug-  
gested or controlled by the Methodist  
church."

## PHYSICIANS KEEP PENROSE FROM G. O. P. CONVENTION

Philadelphia, June 4. — Late to-  
day lineamen began stringing addi-  
tional wires to the home of United  
States Senator Penrose in this city.  
While there was no announce-  
ment from the senator or his physi-  
cians, this move is accepted as meaning  
the senator will not attend the Re-  
publican national convention, but will  
be in close telephonic touch with the  
proceedings at Chicago.

## PLEDGES FARMERS' SUPPORT

Syracuse, June 4. — Nathan L.  
Miller, one of the New York "Big  
Four" delegates to the Republican na-  
tional convention, tonight appeared  
before the New York state agricul-  
tural board and pledged his co-operation  
to the end that a plank satisfactory  
to the agricultural interests may be  
included in the national platform.  
The conference decided to send R. D.  
Cooper of Little Falls, president of the  
New York State Dairymen's league, to  
the convention.

## TO VOTE ON ARMENIAN MANDATE

Washington, June 5. — Republican  
leaders in the house early this morn-  
ing reversed their decision not to call  
up before adjournment the senate  
resolution declining to grant authority to  
the President to accept a mandate  
over Armenia, and Chairman Porter  
of the foreign affairs committee an-  
nounced that the resolution would be  
voted on during the day.

## ANOTHER RECORD PRICE

St. Paul, Minn., June 4. — A world's  
record price of \$30,000 for a Holstein  
cow was paid today at the Minnesota  
Holstein-Friesian sale. The price was  
paid by Gustav Pabel, Dousman, Wis-  
consin, for Paist Korndyke Corn-  
flower, purchased from Fred Pabel,  
Odenow, Wisconsin. The previous  
record price was \$15,000.

## FOUND GUILTY OF MURDER

St. Clements, Mich., June 4. — Lloyd  
Prevost was found guilty of the murder  
of J. Stanley Brown by a jury in  
circuit court here tonight. The jury  
was out approximately three hours.  
The verdict returned was "Guilty of  
murder in the first degree."

## LOWDEN FAVORS VOLSTEAD LAWS

Governor Is Not "In Favor of  
Any Evading" of Prohibition  
Amendment

## REFUSES TWO VOTES

Takes Issue With Senator John-  
son's Attitude Toward League  
of Nations Covenant

Chicago, June 4. — Preservation  
of the Volstead prohibition enforce-  
ment act with whatever laws are nec-  
essary to give it full effect, was ad-  
vocated by Governor Frank O. Low-  
den today in his first pronouncement  
on the liquor question.  
In an interview with newspaper men  
Governor Lowden announced that he  
was "not in favor of any evading" of  
the prohibition amendment.

Governor Lowden stated that he  
had two possible planks for the Re-  
publican platform in mind, but had  
not definitely decided whether they  
would be offered to the convention.  
Reiterating his statement refusing  
to accept the votes of Delegates Gold-  
stein and Moore of St. Louis, who  
each received \$2,500 from Louis  
Emerson, the Lowden campaign man-  
ager, according to testimony before  
the senate investigating committee,  
the governor declared the national  
committeemen on the convention  
credentials committee should unseat  
the pair.

Touching on the league of nations,  
Governor Lowden took issue with the  
program announced by Senator Hiram  
Johnson and declared he favored the  
peace treaty and the League of Nations  
covenant with "substantially the Lodge  
resolution."

"I don't think," said Governor  
Lowden, "that we can repudiate the  
entire treaty. I favor the treaty with  
some reservations, and those drafted  
by Senator Lodge substantially meet  
my desires."

## LIPTON'S TRIAL YACHT REACHES HERE SAFELY

America's Defender, Resolute,  
Has More Trouble With Her  
Main Mast

City Island, N. Y., June 4. — News  
that the 23-meter Shamrock, "trial  
horse" for Sir Thomas Lipton's Sham-  
rock IV, challenger of the America's  
cup, had crossed the Atlantic safely,  
was received with enthusiasm by "the  
war camp" that the Irish yachtsman  
has established here.

"The arrival of the 23-meter yacht  
will mean," said Colonel Neill, yacht-  
ing representative of the challenger,  
"that we at last will be able to settle  
down to the real work of putting  
Shamrock IV in commission for the  
race. A yacht always seems fast when  
sailing against herself. That is the  
reason why we have no real data on  
the challenger. As soon as the 23-  
meter Shamrock is changed to a rac-  
ing yacht we will be able to have  
some rushes that will tell us some-  
thing worth knowing about our craft."

Newport, R. I., June 4. — The ill  
fortune with main masts, which has  
attended the sloop Resolute, the Amer-  
ica's cup defense candidate, has  
clung to her in the elimination trial  
with the Vanitie, as it developed today  
that it would be necessary to put an-  
other steel mast in place of the one  
eliminated yesterday. As a result, the eli-  
mination trials off this port have been  
postponed until the Resolute can be  
made ready again.

## FAVORS WAR ACT REPEAL

Washington, June 4. — After only  
moment's consideration, the senate  
adopted with minor amendments to-  
day the house joint resolution repeal-  
ing war legislation with the exception  
of the Lever food control act and the  
trading with the enemy act. No re-  
cord vote was taken by the senate. The  
measure, which would remove about  
60 war acts from the statute books,  
now goes to conference.

## FORGED WHISKEY PERMIT

Glens Falls, June 4. — George Dus-  
hane, accused of forging a permit for  
release of whiskey from bond by  
changing the number of barrels spec-  
ified on the permit from four to 33,  
was arrested this afternoon in this city  
by federal agents. It is believed Dus-  
hane, who is a merchant, held a li-  
cense permitting him to sell liquor  
wholesale for non-beverage purposes.

## RETAIN POUCHKEEPSIE COUSE

New York, June 4. — Cornell and  
Syracuse university crews intend to  
compete for places on the American  
Olympic rowing squad and there is  
no intention of permanently abandon-  
ing the Pouchkeepsie course. It be-  
came known here today in connection  
with the shifting of the intercollegiate  
regatta to Cayuga lake for the present  
season.

## BIG PAPER MILL BURNS

New York, June 4. — The Aldrich  
Paper company's mill in Natural Dam,  
near here, was destroyed by fire today,  
causing a loss estimated above \$500,  
000. The plant had a daily output of  
50 tons of paper, mostly newspaper.

## Gasoline at Thirty Cents Possibility, Utican Thinks

Buffalo, June 4. — Gasoline at  
20 cents a gallon is a possibility  
of the near future, said A. G.  
Batchelder of Utica, chairman of the  
executive board of the Ameri-  
can Automobile association, in an  
address at the annual convention of  
the New York State Motor Federa-  
tion here today. Mr. Batchelder  
quoted students in the oil industry  
to support his prediction.

## SEEK ESTIMATE OF WOOD FUNDS

Figures of Approximately \$1-  
250,000 Are Mentioned Though  
Not Authoritatively

## SUBPOENA COL. GREEN

Son of Late Hetty Green Will Be  
Quizzed About General's  
Campaign Moneys

Washington, June 4. — The senate  
committee investigating the financing  
of campaigns of presidential candi-  
dates, today sought an estimate of the  
amount raised to further the candi-  
dacy of Major General Leonard Wood  
for the Republican nomination, but  
failed to arrive at a definite figure.  
Herbert C. Stebbins of New York,  
eastern treasurer of the Wood na-  
tional campaign committee, said he  
would be unable to estimate the Wood  
national fund until the books were  
audited. Chairman Kenyon of the  
committee thought that an addition of  
\$74,500 to the total of \$1,150,000 es-  
timated by A. A. Sprague, the Wood  
fund treasurer at Chicago, would give  
the grand total. Senator Pomerene of  
Ohio, a Democratic member of the  
committee, however, figured that ap-  
proximately \$225,000 should be added  
to Mr. Sprague's total.

While the committee was hearing  
Mr. Stebbins, the senate sent to com-  
mittee, with instructions to report to-  
morrow, the resolution offered yester-  
day by Senator Pomerene, proposing  
that the scope of the inquiry be en-  
larged to include congressional cam-  
paigns and that the investigation be  
continued through the November  
election.

Stebbins, whom senate officers have  
been seeking since early in the in-  
quiry, was the only witness at the  
committee's one-day session. He de-  
clared that he had been on a trip to  
the Canadian woods, far from tele-  
phone or telegraph lines. When he  
completed his testimony, Chairman  
Kenyon told him that the committee  
was satisfied that he had no intention  
of avoiding examination.

Testimony given by Stebbins related  
to eastern financing of the Wood cam-  
paign and accounted for contributions  
totaling approximately \$263,000. Some  
of the contributors and their amounts  
have been given to the committee by  
Mr. Sprague.

## Committee Will Continue

Washington, June 4. — While the  
senate committee investigating cam-  
paign expenditures completed its ex-  
amination of Warren Gregory, man-  
ager of the campaign for Herbert  
Hoover in the California Presidential  
primaries, Chairman Kenyon announ-  
ced that it would continue to function  
until it had cleaned up some loose

Gregory, president of the Hoover Re-  
publican club of California, testified  
tonight before the senate committee  
investigating campaign expenditures  
that the total expenses incurred in  
California in connection with the  
Johnson-Hoover primary fight there  
and in other Pacific coast states  
amounted to \$50,219.75.

Mr. Gregory testified that there  
were many subscribers to the Hoover  
fund and that the largest subscription  
received was for \$2,000 "from a life-  
long friend of Mr. Hoover." He denied  
charges of the Johnson managers that  
there were many hired workers, de-  
claring that almost all of the work-  
ers were volunteers.

## MIDSUMMER SPIRIT PREVAILS IN MARKET

## Movement of Prices Likewise in Consonance With the Existing Inertia

New York, June 4.—Conditions not unlike those which ordinarily prevail during midsummer attended today's prefatory session of the stock exchange. Sales aggregated barely 265,000 shares.

Movements of prices were in consonance with this general inertia. Leading issues alternately advanced and declined within circumscribed limits, the market closing with a fairly steady tone on coverings by shorts in steel and allied shares.

In essence, however, the list derived almost its sole support from the operation of pools in Mexican oils, several of the equipments and the more obscure specialties, the latter being featured by International Paper, American Writing Paper preferred and Union Bag and Paper.

Politics, that is to say, next week's Presidential convention at Chicago, evoked little more than languid discussion. Not in many years, it was said, had Wall street been so much at sea or manifested so little outward interest in developments of similar import.

The superficial character of the stock market extended to money rates, virtually all of the day's call loans, as well as those running into next week, being made on a six percent basis. For all practical purpose, however, the time funds were non-existent.

Foreign exchange continued irregular, the London rate recording another reaction, with light tendencies for Paris bills, but Italian and German remittances hardened. Rumors of additional gold imports, via the Pacific coast, were not confirmed.

Liberty bonds recovered from their setback of the morning, closing mostly at gains. Old U. S. registered fours were one eighth percent lower on call.

## Buys Royal Cords Every Leap Year.

Every leap year is often enough to buy automobile tires is the opinion of H. C. Sowder of Tulsa, Okla. At least that is what he said when he entered a tire store recently and bought a new set of United States Royal cords to take the place of a set purchased in 1916.

"The tires have given me four years of the hardest kind of wear," said Mr. Sowder, "and one of them is still going. I really should take it from my car and place it on the retired list. It has given me such good service that it is rightfully entitled to a rest, but I am anxious to see how long it will last under the hard travel that I am giving my car every day."

## DELAWARE COUNTY NEWS

## CONVICTED OF ARSON

John Connor, Prominent Resident of Andes, Found Guilty Yesterday by Jury in County Court — Will Be Sentenced Monday.

Delhi, June 4. — John Connor, a prominent resident of Andes, was found guilty by a jury in county court here this afternoon of arson. Immediately after the jury returned its verdict, Judge A. J. McNaught adjourned court until Monday morning at 9 o'clock, when it is expected that Connor will be sentenced.

It is claimed that on last February 7, Connor set fire to the three houses of the corner block he owns in the village of Andes. As he carried but little insurance, there appears to be no satisfactory reason for the act.

Shortly afterward, Connor was indicted by the grand jury and the case was set for trial at the June term of county court.

When court opened at 2 o'clock Wednesday afternoon, a new jury was drawn and the greater part of the afternoon was taken up in getting the jury. Yesterday was spent in the taking of testimony, and this morning the two attorneys, Fred Youmans for the defendant and District Attorney A. L. O'Connor for the prosecution, summed up their sides. At noon, Judge McNaught delivered his charge to the jury, and his 20-minute address was considered one of the most brilliant ever heard in a court here. As circumstantial evidence figured largely in the trial, Mr. McNaught explained to the jury the importance of circumstantial evidence and urged them to consider carefully all the different points in the case. Several prominent attorneys who were present afterward commended Judge McNaught's remarks as worth-while and a true presentation of the case.

The jury went out at about 1 o'clock and returned a verdict of guilty at 2:30.

One peculiar incident brought out by witnesses was the fact that a set of false teeth and a glass eye were lost in the fire, while a representative of the insurance company which Mr. Connor patronized testified that in calling on Mrs. Connor some time later he saw the set of false teeth and the glass eye in a box.

## Munsell vs. Kelley.

The Munsell vs. Kelley suit for negligence came to rather an abrupt ending Wednesday, when District Attorney O'Connor moved for non-suit on the grounds that Kelley's son was driving the car at the time of the accident about which the suit centered, and not Kelley, who was the defendant in the action. The elder Kelley granted his son the right to drive the car at any time Judge McNaught granted the motion.

ALBERT E. SMITH presents  
"THE COURAGE OF MARGE O'DOONE"  
JAMES OLIVER CURWOOD

Would You Separate Two Fighting Bears?

This girl, heedless of the danger, rushed into the fray and tried to tear the great beasts apart. A group of fiendish men and Indians stood by enjoying the sport. Not one raised a finger to aid the girl. She was frantic. The fight must be stopped or her life would be endangered. What happened is shown in this wonderful super-feature.

Let Nothing Under the Sun, Keep You From Seeing This, The Biggest Event in Pictures This Year

One of JAMES OLIVER CURWOOD'S

greatest stories of the Northwest—

'The Courage of Marge O'Doone'

The most fascinating, unique photoplay story brought to the screen in a generation. You will follow its snowshoe trail to that trackless white waste north of fifty-three. Against that savage background of mountain and gorge, snow and ice, unfettered by society's conventions, you shall see romance, mystery and adventure unfolded in one of the most haunting, startling, electrifying mysterious screen stories ever told. You will meet David Raine—he whose soul has been sun-drenched by a faithless woman, seeking a living tomb in the Arctic. You will meet Marge,

brave and beautiful, slender as a reed, wild and palpitating. You will hear the call of the North—feel it in fact, as this story of breathless mystery and red-blooded romance unfolds itself before you. And a clarion call it is. The magic wand of the motion picture has turned the warm and glowing pages of a masterly story into a superb big special photoplay production—made of it a pulsing, living drama, whose sheer charm and realism carry one away to that vast white country "up there" with all its grim glory and grandeur. It breathes the breath of life into the staunch and sturdy men and the courageous and beautiful women of this story.

You will find it hard to forget—the haunted hut of Tavish—the bloody fight between grimly bearded men in a bear-pit—the search for Marge in the wilderness—the strange meeting, far from civilization—the grandeur, beauty, thrill and adventure of it all.

## EVENTS IN ONEONTA.

### Near East Campaign.

The attention of Star readers is called to the campaign for the Near East Relief fund, which will be vigorously prosecuted next week. Early in the season this paper, merely through the announcement of its willingness to accept and forward contributions, was able to secure several hundred dollars for the homeless orphans of Armenia. Later an address made by Dr. Huntley in the Universalist church resulted in the collection of \$500 from that society. These solitary instances are in themselves evidence of the interest which Oneonta takes in the Near East situation, and in a people which, over, is less able than any other race to care for itself, and they are good evidence also that given opportunity and with the conditions fully and fairly presented, it will do its full share in the matter.

The request of the Committee on Near East Relief is for an average of 20 cents from each resident of the city, which would yield approximately \$2,476. Of this sum there has already been raised through the above named and other activities about \$950, which will leave something like \$2,500 still to be raised. For the care of an Armenian orphan for a year about \$180 is required, so that if Oneonta does no more than complete this small quota, it will have the satisfaction of knowing that 15 orphans, or with the sum already sent, 20 orphans have been provided for.

This is the whole situation. It is a small sum which is asked as compared with many other drives which have proved successful here, and in view of its importance and the strong appeal which it makes, it should be successful. It will be if our citizens do their duty.

### The Speed Ordinance.

Though there have been a considerable number of automobiles brought before the city court during the past month, and fines to quite an amount imposed, it should be fully and clearly understood that there is no disposition on the part of the authorities to proffer in order to get funds to run the city government, or to take advantage of the tourist within our gates. Instead, the fines collected have not in the main been from strangers, but from our own citizens who have exceeded the speed limit or have indulged in some minor infractions of the law.

The fact, however, should be borne in mind that the principal streets of this city are narrow and that much of the time, day and night, they are congested with travel. That safety may be assured, it is imperative that the speed limit be not exceeded and that in general the provisions of the traffic law be regarded. This is not asked for the sake of "getting" anybody, townsman or tourist, but in order that the streets may be made safe for the use of the public; and in this the careful motorist is just as much interested as the pedestrian.

So long, therefore, as the traffic laws are enforced in reason and with good judgment, the city officers and court will have the public back of them.

### When the Boys Come Back.

The boys of Oneonta of a period ranging so far back as thirty years or more ago, have always kept in their hearts a warm spot for the old town. No matter how far their feet have wandered, or in what town or city their fortunes have been cast, they have remembered Oneonta, and a trip to this city has always been to them "coming home."

This individual feeling on the part of the boys of Oneonta has for several years found collective expression in the city of New York, where it is the annual winter custom to gather at some hostelry for a "get together" night. How pleasant these reunions of the few fellows who have dubbed themselves "Klipnock Boys" have been from there are many to testify who from this city have journeyed to the metropolis again to be with these friends of the long gone, and to clasp their friendly hands, and in seasons to come there will doubtless be many more, so strong is the lure of old associations.

This summer, as supplementary to the winter dinner in New York, the Klipnock Boys, accepting a cordial invitation, will come to the city for a June outing. As pilgrims, reviving however no foreign shore, they will unquestionably be welcomed; and effort will not be spared to make their coming memorable. This we owe to them, but more to ourselves that those who so long have kept the memory of Oneonta almost a sacred thing in their hearts, shall later depart with the older fires not extinguished but rekindled and burning with even more enduring and a brighter flame.

### The Garbage Ordinance.

After long deliberation, the city authorities have passed a revised ordinance relative to the disposal of garbage, which for the information of householders has been published in The Star. It is the product of a careful consideration of existing conditions and is believed to be the simplest and most feasible plan which can be

## COMMENTS OF THE PRESS

### Loading in New York.

A visitor from Chicago has discovered the cause and solution of New York's high cost of living at the first glance. It is due to the "million" of loafers and loafers who spend their days walking up and down the streets, and the remedy is to conscript this army of parasites and "put them all to work."

Some of those who make up the street crowds have a pretty good idea; they are night workers, enjoying a leisure they have earned. But if all the loafers found in New York are rounded up and set to work, there will be consternation from Massachusetts Bay to the Pacific, Pittsburgh and Chicago and Detroit and Cleveland and Kansas City will move absent citizens forcibly detained in the metropolis and made to do real labor. It is from the rest of the country that New York's street crowds mostly come.—(New York World.)

### An Obsolete Word.

What has become of that good old word "earnings"? Folks are "getting," are "paid" and are "making" so much a day. But nothing is said about anybody "earning" anything.—(Los Angeles Times.)

### The Endurance Test.

War-made millionaires from Switzerland and Scandinavia are seeing the sights of New York. It is unlikely that some of them will soon cease to be millionaires.—(Boston Transcript.)

### Sidney Schools Win and Lose.

At a special election in Sidney on Thursday, the proposition to appropriate the sum of \$1,000 for the purchase of additional grounds for the school building was carried by a vote of 56 to 40. The proposition to expend \$30,000 for alterations and improvements to the present building was, however, voted down, by a majority of 24. The high cost of material of all sorts at the present time was the general argument against the appropriation.

### Catching Shad in the Delaware.

Seventeen members of the Binghamton Shad club, says the Hancock Herald spent one day this week on the Delaware river about two miles below that village. During the day, assisted by a number of Hancock men, they made three hauls and captured 195 fine, big fish.

worked out for a city of the size of Oneonta and situated as this city is. It is hoped, therefore, that its provisions will be fully complied with, and that those who have no other effective method of garbage disposal, as most have not, will cheerfully accept the present plan. The expense is not great, and when personal convenience and public health are considered, it must be conceded that sanitary garbage disposal is a duty which is owed alike to one's own household and to the community.

## DELAWARE POMONA GRANGE.

Quarterly Meeting Is Addressed by Several Prominent Officials.

The Delaware County Pomona Grange held its quarterly meeting on Wednesday with the West Kortright grange at the home of Mr. and Mrs. H. W. Turner. In the absence of the master, Past Master George W. Grant of Delhi presided at the morning session, which was mostly devoted to business. Eight granges were represented and about 100 delegates and visitors were present during the three sessions. The question, "Does It Pay to Feed Grain in Summer at Present Prices?" was discussed by the farmers present at the morning session. It seemed the opinion of the majority that it does pay to feed a small amount, unless the cows have plenty of good pasture.

A picnic lunch was served at noon on the spacious lawn, and the afternoon session was held outside and was in charge of the lecturer, E. P. Frisbee, master of the West Kortright grange, gave the address of welcome. This was followed by a talk on "Milk as the Perfect Food," by Mrs. D. H. Buckman, County Home Bureau manager, who at the close of her address introduced Mrs. M. M. Acker, of the State Department of Health, who gave an excellent talk on "Social Health." The address of the afternoon was given by Hon. L. R. Long of New Kingston, who talked on recent legislation affecting farmers, and gave a most humorous and interesting description of the way affairs are conducted in the assembly.

R. L. Hewitt of Walton, assistant Farm Bureau manager, was the last speaker on the program and talked of the benefits to be derived from membership in the Farm Bureau. This was followed by poems given by Mrs. C. W. Sagerdorf and G. W. Grant.

In the evening, a class of 29 candidates were given the fifth degree, and the young people of West Kortright grange presented a one-act play entitled, "Just Plain Jones."

Resolutions were adopted thanking

the West Kortright grange for courtesies received and authorizing the district deputy to use his influence with the executive committee of the state grange against holding annual sessions in any city unless reduced hotel rates can be secured.

## Archdeaconry Convention.

There was a large attendance at the convention of the Archdeaconry of the Susquehanna, held June 1 and 2 at Cooperstown. The program opened Tuesday evening with a sermon by the Very Rev. A. C. Larned, dean of All Saints cathedral at Albany. A business session was held Wednesday morning; in the afternoon there was an interesting paper on "The Literary Study of the Bible" by Rev. H. W. Crydenwise of Richfield Springs, and later the clergymen enjoyed a motor boat ride around Otsego lake. The fall convocation will be held at Unadilla, when it is expected that Bishop Fiske of the diocese of Central New York will be present.

## PLANNING WARM WELCOME

FOR KLIPKNOCKIE BOYS OF NEW YORK HERE JUNE 18, 19 AND 20.

Crowning Event Will Be Dinner and Reunion at Country Club on Saturday Evening — Rev. W. W. Giles, Talented New York Divine, to Speak.

Arrangements for the reception of the Klipknockie Boys of New York city at their reunion in the "old home town" on Friday, Saturday and Sunday, June 18, 19 and 20, are going ahead and indications are that the visitors will long remember their visit to us. The crowning event, it is expected, will be the dinner and reunion at the Country Club on Saturday evening, which will be attended not only by the visitors to the last man and woman, but by numerous residents of the city who will want to see and visit with all the old boys.

It is expected that those who do not come by motor cars from New York will take the day boat for Kingston on Friday, June 18, and will be met at the latter place by motor cars from this city and conveyed through the Catskills, with halts at the Ashokan dam and other points of interest, and at some convenient point or points for dinner, reaching this city that night.

On Saturday morning the visitors will be shown about the city, giving them an idea of its growth and development since they were here. The entertainment committee, of which M. C. Hemstreet is chairman, has not announced exactly what will be done during the afternoon, but it is possible that they will be taken to a ball game at Neahwa park, to witness a game between Weidman's Cubs and some visiting team. The dinner at the Country Club in the evening will be followed by speeches of a reminiscent character. It is expected that Rev. Dr. W. W. Giles, an eminent divine of New York, who is far famed as an after-dinner speaker, will respond to a toast. Other speakers are yet to be announced.

Whether there will be some form of religious service on Sunday, either in the morning or afternoon, at which special recognition will be given to the influences religiously of the "old town," has not been determined. It is expected that the visitors will in large part depart for home Sunday afternoon, though some will doubtless remain for a longer stay with friends in the city.

The general committee having the reception of the visitors in charge will meet on Monday evening next to perfect the arrangements. It is hoped that all citizens will unite in making the home-coming of the Klipknockies to Oneonta a memorable one.

## False Alarm of Fire.

The fire department was called out shortly after 5 o'clock last evening to answer an alarm sent from box 48, at the corner of Spruce street and Myrtle avenue. When the fire truck arrived at the scene, it was found that there was no blaze, but that two small boys living in that vicinity, one of them two years old and the other four, had climbed up onto their cart and pulled the hook inside the fire box.

Several times within the past few years, false alarms have been sent from this same box, and it seems that more care on the part of parents would avoid this needless waste of time and energy on the part of both the fire department and the public.

## RAISING THE COY BUILDING

Will Give Place to a Modern Three-Story Fire Proof Garage.

The frame buildings on the Coy property on Dietz street near Main, are being demolished, one of the last of the tenants, the Wilbur-Ballier Motor company, having yesterday removed its office and salesroom to the Oneonta Garage company on Wall street, which they for the present will occupy jointly with the firm of F. L. & S. R. Dibble.

The buildings being razed have been purchased by L. H. Blend and D. F. Keyes and the lumber and other material therein suitable for use will be saved and sold to others contemplating building. Good progress was made yesterday in dismantling the old buildings.

In place of the old livery stable barn and business places adjoining, Messrs. F. L. and S. R. Dibble will erect a modern three-story and strictly fire proof garage, which will be equipped with all appliances for the business. All floors will be heated and there will be elevator service, with two entrances on Dietz street and two at the rear. There will be in addition to the offices, waiting rooms for both men and women, with lavatories connected. The frame will be of heavy steel so that trucks can be stored on the upper floors if desired. There will be no wood used in the building save perhaps in the construction of the elevator. Wire windows will be provided and every precaution against fire employed. Work will be commenced as soon as the ground can be cleared.

## NEAR EAST RALLY SUNDAY

WILL BE ADDRESSED BY REV. WILLIAM PRINGLE RECENTLY OVERSEAS.

City Asked to Contribute but 30 Cents an Inhabitant for This Stricken Area Where Children Are Crying for a Crust.

Rev. William Pringle, a widely known Episcopalian divine who is considered one of the most eloquent speakers engaged in Near East Relief work, a man thoroughly familiar with conditions in that unfortunate section of the world, is to be the speaker at the union service to be held at the First Methodist Episcopal church Sunday evening, opening the drive to secure the balance of the quota Oneonta is asked to raise for the relief of those unfortunate people, who were driven from their homes and with the parents of a quarter of a million children massacred, are suffering for the bare necessities of life.

It is expected that all of the churches in the center of the city usually uniting in philanthropic and humanitarian work will join in this rally at which he will outline the conditions prevailing in Armenia. With the address of Rev. Dr. Huntley fresh in their minds, certainly many will wish to hear what Dr. Pringle has to say.

Speaking of this work, John Grier Hibben, president of Princeton university, recently said:

"The call from stricken Armenia and neighboring countries makes an imperative appeal to all Americans. We dare not withhold the needed help from the bounty with which Providence has so richly blessed us. As a nation, patriotism can no longer be limited to our own shores. The world is in sore need and our help to those beyond our shores is not only a service to them, but a patriotic duty as regards our own nation."

## Notice.

## CHARITABLE JEFFERSON WOMAN

Mrs. Julia A. Wilson, 92 Years Old,  
Passes Away at Home of Nephew.

Davenport, June 4. — Mrs. Julia A. Wilson, 92 years old and one of the most prominent and highly respected women of this section, died this afternoon at 1 o'clock at the home of her nephew, Fred G. Nichols, in the town of Jefferson, near here. Mrs. Wilson, despite her advanced age, had been in comparatively good health up until last Saturday, when she fell in her nephew's home and suffered a broken hip, after which she failed rapidly. Funeral services will be held from the Nichols home Sunday afternoon at 2 o'clock. Rev. Mr. Tammlyn, pastor of the Jefferson Methodist church, will officiate, and burial will be in the Jefferson village cemetery.

Julia A. Wilson was born in the town of Jefferson on January 16, 1828, a daughter of John and Laura (Hamilton) Nichols, and was a life-long resident of this vicinity. In early womanhood, she married Henry Wilson, who died about 15 years ago. Mrs. Wilson continued to maintain her home after her husband's death until about three years ago, when, on account of declining years, she went to live with her nephew mentioned.

Mrs. Wilson was a well-to-do woman and used her means for the advancement of every charitable work, especially the church and the temperance cause. She was a member of the United Presbyterian church at Jefferson, but that church has now been united with the Methodist church. Through her good offices, the parsonage was built at Jefferson, and other churches in this vicinity also shared in her generosity. She was a woman of refinement and was held in the highest esteem by the entire community. Although mourning her passing, her friends will rejoice that she lived to such a ripe old age.

Mrs. Wilson was one of seven children, the only surviving one now being Mrs. Clara E. Evans, formerly of Davenport, who is at present residing with her son at Larned, Kansas. No other near relatives remain, she having no children.

All cord tires in this sale offered on the same basis — one Tire for a dollar and an extra Tire at the list price.

This year will surely witness no greater sale—you can make up your mind on that point, and there are tire dealers right here in this locality who would gladly buy up all the tires and tubes we are offering in this sale at the prices we offer them to you—the consumers. Therefore, attend this sale promptly, and get the first choice; furthermore, there is every indication that prices will be advanced again, so buy enough tires and tubes to last you throughout the summer.

In this sensational DOLLAR SALE you are practically getting two tires for the regular price of one. For example:

The list price for a Batavia Tire, size 30x3½, is \$25.59, and the regular price for a Firestone Red Tube is \$4.50. If you buy one tire and one tube at these prices, we will give you an additional tire for one dollar and an additional tube for one dollar. The same applies to other makes in all sizes of any tires and tubes which we include in this sale.

Great crowds will attend this sale! Many of the wisest purchasers will be on hand bright and early in order to select the best of the wonderful bargains. We have arranged liberal assortments, and all of our regular patrons and likewise new customers will be taken care of.

C. O. D. and mail orders filled accurately and promptly  
No Tires mounted during this sale

We are the originators of this sale and similar sales held in other stores are cheap, weak imitations alike in plan only—but not in the important detail of making good with standard tires and tubes such as we offer.

Practically Every Type of Tire  
IS IN THIS "One Dollar" Sale

Therefore, this sale is of interest alike to owners of pleasure cars as well as to owners of commercial vehicles — delivery wagons, etc.

We can hold this  
\$1 SALE

Because our parent organization has the exclusive contracts for all surplus lots, overproductions, "blemished" lots and "seconds" with leading tire and tube manufacturers.

We offer tremendous assortments of tires, including the best makes, and despite the low prices, our guarantee goes with every purchase. We never sell any retreaded, rebuilt or revalcanized tires—all the tires and tubes we offer come direct from the factories, and the names of the makes mentioned in this advertisement are guarantees for the excellence of the quality.

Only Standard Makes of Tires and  
Tubes are Sold in this Sale

### WANTS HIS COMMISSION.

Seeks to Recover for Services in Selling Walton Hotel.

Justice Kellogg, at chambers here yesterday, heard the evidence in the action brought by Simon Waldman of Philadelphia, Pa., against James M. Knapp of Walton to recover \$200, which he claims is due him as commission for selling the property known as the Riverside hotel at Walton for the defendant. Hon. George L. Boeckes of this city represented the plaintiff and the defendant's attorney was Samuel H. Fancher of Walton.

There was considerable variance between the evidence presented by the parties to the action, and they recalled each other to the stand for examination several times. At the conclusion of the evidence the court granted 10 days to the attorneys in which to file briefs, after which it is expected a verdict will be given.

### Local Odd Fellows at Cherry Valley.

Members of the third degree team of Centennial lodge left last evening at 7 o'clock for Cherry Valley where they worked the third degree on a class of candidates from that village. After the ceremony, a banquet was served to those present. Those who attended from Oneonta as follows: S. J. Stone, Fred Wood, William Terrell, John Brown, John Scott, Charles Hall, G. Munson, F. Cyphers, C. Emerson, Frank Monroe, Henry Potter, Charles Beavers, B. U. Boots, C. C. Wallace, William Sessions, and Fred Murdock. Clarence Bunn and G. W. Joslyn of Hartwick, left from this city.

### Sustains Fractured Leg.

Frank Whitney, an employee of James A. Henderson at Kortright Station, was brought to the Fox Memorial hospital yesterday at noon, suffering from a fractured right leg, sustained by a kick from a horse earlier in the day. The horse was one recently purchased, it is understood, and when Whitney went to the pasture to catch the animal and approach him, he turned and kicked fiercely. Dr. Craig of Davenport was called and advised that the man be brought to the hospital. Dr. Cutler reduced the fracture.

### Young Man Wanted.

The Star desires to secure the services of a capable young man to take charge of mailing department and city circulation. Apply to or address H. W. Lee, Star office Oneonta, N. Y. advt. 11

### Musician Discovers Tune Played By Submarine

London.—The tune which the deadly submarine played as it moved beneath the waves was discovered by an admiralty official who was an expert musician.

It has just been revealed that when the sea lords were seeking means of detecting the approach of a submarine, Sir Richard Paget, stripped to the waist was lowered head down into the water. He came up humming the exact note made by the moving submarine.

From this small and strange beginning sound detectors were perfected which saved many lives and resulted in the sinking of many U-boats.

### Wrote Vulgar Language on Sidewalk.

Chester Yager, a 15-year-old youth of this city, was arrested yesterday by Officer O'dell and brought into police court on a charge of juvenile delinquency. The boy was caught writing vulgar language on the sidewalk and was otherwise annoying pedestrians. Judge Huntington gave the boy a fatherly talk on his duties as a future citizen of Oneonta and counseled him against letting his thoughts run in the wrong direction. Sentence was suspended after the boy had promised to be more careful of his actions in the future.

### Two More Speeders Detected.

Yesterday, two more motorists were caught in the police net laid for speeders, and each deposited \$5 with the chief of police to pay his fine, as they were tourists and did not desire to remain to appear in court this morning. They were Hugh Buchanan and N. W. Graves, both of whom were making around 30 miles an hour when apprehended.

H. M. Burgh of Delhi deposited \$1 for his appearance in police court this morning to face a charge of leaving his car in a restricted zone.

### Cars Damaged in Rear-End Collision.

The car of P. D. Verbeck, D. & H. engineer, was somewhat damaged yesterday when it was struck from the rear by an auto driven by S. Hall of Cooperstown. Mr. Verbeck was driving along Lower Chestnut street behind a trolley car and when he saw the trolley was about to stop, he held out his hand and came to a halt. Although Hall evidently had time enough to halt if he had been on the alert, his car crashed into Verbeck's and both were quite badly damaged. No one was hurt.

### Variety Shower for Newlyweds.

Mrs. C. C. Blanchard and Mrs. H. W. Blanchard gave a variety shower for Mr. and Mrs. Bryson George, whose marriage a few days since was noticed in a recent issue, at the home of the first named at 58 Church street last evening. Mr. and Mrs. George were presented with many beautiful gifts, including cut glass, silver, and an electric table set. Light refreshments were served and after a very enjoyable social time all departed wishing the newlyweds much of happiness.

### Attending Normal Reunion.

The first annual reunion of the Mohawk Valley association of Oneonta State Normal graduates will be held in Schenectady today. An interesting program has been prepared, and several members of the faculty will be in attendance. Dr. Bugbee left by train Friday evening, but others who go by auto today are: Dr. Schumacher, Profs. Curtis, Lynch and Wilkinson. Misses Matteson and Tobey will also attend and they will be accompanied by Mrs. Bugbee.

### Mrs. Emmons Elected President.

At the annual meeting of the Business and Professional Woman's league of New York city held at the Hotel McAlpin recently, Mrs. Harriett Cole Emmons, formerly a resident of Oneonta, was elected as president for the ensuing year. Mrs. Emmons was also selected as delegate to represent New York at the coming meeting of Federated Woman's clubs to be held at Des Moines, Iowa, during the present month.

### Van Schaick Nomination Rejected.

The appointment made last winter by President Wilson of Rev. Dr. John Van Schaick, formerly of Cobleskill, to be a commissioner for the District of Columbia, failed of confirmation by the senate on Saturday last. The principal argument used in the senate against his confirmation was that he was not a resident of the district, as required by law, being registered and regular voter at Cobleskill.

## COMPLETE CURE OF INDIGESTION

One Box of "FRUIT-A-LIVES" or "Fruit Liver Tablets" Brought Relief

WILLIAM GALE SHEPHERD

Old Chatham, Columbia Co., N. Y.

"I was bothered with Constipation, Liver Trouble and Indigestion for three years; and tried all kinds of medicine with no relief.

I was so bad I would have a dull, heavy feeling in the pit of my stomach; generally about three or four hours after eating.

I saw advertised in the "Troy Times" "Fruit-a-lives" and sent to R. W. Seymour's drug store in Chatham and bought two 50c. boxes. Before I had finished one box, I was relieved and now have no more trouble. I can eat anything I desire.

I would advise anyone in the same condition as I was, to take "Fruit-a-lives"; it is a God-send, and I would not be without "Fruit-a-lives" in the house."

### WOMEN DEMOCRATS ORGANIZE

MEET MRS. L. M. AMES OF COOP-  
ERSTOWN PRESIDENT AT  
MEETING YESTERDAY

Cooperstown Suffrage Workers Addressed Conference of Oneonta County Democrats—support of Governor Smith and President Wilson Urged—Officers Elected and Organization Completed.

At 7:30 p.m. the members of the Albany of the Democratic Party for Oneonta county met at the Oneonta Hotel for the purpose of organizing and electing officers for the Women's Democratic club of Oneonta county. An independent group of women voters about 20 in number were present from the Cooperstown district of Oneonta county. The conference was presided over by Mrs. Zillah VanCleft.

Following the meeting a very interesting address was given by Mrs. L. M. Ames of Cooperstown, president of the Albany County Women's Democratic club. She had addressed the Albany county Women's Democratic club at a recent dinner by C. A. Westcott.

Following the luncheon, the conference was addressed by Mrs. Elizabeth VanCleft of Albany, a candidate for the office of assembly from Albany county. She is a prominent suffrage worker and an active delegate to the national convention at San Francisco.

Mrs. VanCleft was introduced with appropriate remarks by Mrs. VanCleft. She began her address by mentioning the natural diffidence of women who are new to the political game and asserted the value of organization, which affords an instrument of power far superior to separate and unaided efforts. She mentioned as an instance the well-known Republican strength of Albany and cited the fight put up by the Democratic women last year.

Mrs. Colbert asserted that the election law should be amended to allow the organization to be officially recognized and stated that women have an interest in welfare work that men are not apt to think about.

Following the address by Mrs. Colbert, a nominating committee was named by the chairman and after the report of the committee, the following officers were elected:

Chairman—Mrs. Leah M. Ames.  
Vice Chairman—Mrs. Prudence VanBuren.

Secretary—Miss Kathryn Lynch.

Treasurer—Mrs. Zillah VanCleft.

During the deliberations of the nominating committee, the convention was again addressed by Mrs. Colbert, who described the new interests that the League of Women Voters is bringing into politics, especially welfare bills. Following the election of officers, Mrs. Colbert outlined their duties.

Mrs. John Pappalau of Albany, organizer in the Democratic Women's committee of Albany, addressed the convention and described the work in Albany among the Democratic women, urging those present to avoid discouragement and to work diligently. By request, Hon. C. A. Miller made a few remarks, mentioning that the organization would have club rooms in the future and wishing them success in their efforts. The men's Democratic club was given a vote of thanks for the luncheon and entertainment provided.

Those present were as follows: Florence B. Tennant of Cooperstown, Bertha L. Holmes of Cooperstown, Christine M. Taylor of Oneonta, Hazel M. Finigan of Oneonta, Blanche S. VanPatten of East Worcester, Grace V. Martin of Worcester, Cassie Latin of Milford, Vera McRorie of Milford, Grace M. B. Beach of Hartwick, Truth M. Bristol of Hartwick, Lulu J. Adams of Hartwick, Elva Sherman of Otego, Lillian Young Therson of Schoenewald, Inez Fay Spraker of Cooperstown, Leah M. Ames of Cooperstown, Flora H. Beams of Oneonta, Prudence VanBuren of Oneonta, Rose M. Ferguson of Milford, Luella B. Clarke of Oneonta, Kathryn M. Lynch of Oneonta, M. Elizabeth Schler of Wells-Briggs, Mrs. F. O. Kilpatrick of Oneonta, Grace Russell of Otego, and Mrs. Zillah VanCleft of Oneonta.

### Going Up Fool Hill.

There are a lot of them. The reaction from the sacrifice of the war has given way to reckless extravagance, pleasure seeking, fun and a prolonged drunk of selfishness. Today, when another great emergency confronts us in peace, we meet it with fiddling and dancing and every fellow for himself. Well, I'm done my best to stop it, but some thoughtless chumps will not listen to me and they are similar to those who crucified their Saviour for doing good. But there is a day of reckoning coming and they will wake up and want to kick themselves because they did not get in with my bunch of little fellows who are not fiddling and dancing nor depending upon George or Uncle Sam to do the needful, but are trying to teach and help them to make small monthly amounts add up to several million dollars, in the same manner known, for homes, for old age, sickness or loss of a job. In doing this I'm giving leaders and leaders a fair chance and a square deal, helping to keep them from being in traps and box cars, and it is no secret to me, so don't come around here, winning and growing, for I'm sure getting tired and ugly. Now end. I am the safe and sane Oneonta Building and Loan association. advt 1f

He will no doubt be greeted by a large audience, as many of the members of the graduating class and their friends will be glad to have another opportunity to hear him.

### Woman's Missionary Society Meets.

The Woman's Foreign Missionary Society of the First Methodist Episcopal church met yesterday afternoon in the church parlors with an attendance of about 15 people. The program for the afternoon, in charge of Mrs. L. B. Green, was on Malaysia. A report of the recent group meeting at Otego was given by Mrs. C. J. Westcott and letters were read from foreign fields, Korea, Northern Africa and India. After the meeting, a toothsome lunch was served by ladies of the refreshment committee whose names begin with the letter W.

### ENDS LIFE WITH BULLET

Archie Bouton of Fleischmanns Commits Suicide by Shooting Himself with Rifle.

Delhi, June 4. — Archie Bouton, 25 years old, who conducted a shoe repairing shop at Fleischmanns and lived with his widowed mother, was found dead in the sitting room of his home in that village this afternoon, with a bullet hole through his brain. Officer Woods of Delhi was at once summoned and after an investigation at the scene of the tragedy, decided that all facts pointed to a case of suicide.

Bouton evidently had seated himself in a chair when he was alone in the room and placing a rifle against his head, he fired it, the bullet passing through his head and causing instant death. The act was premeditated, as two letters were found near the rifle, previously having been written, with a short time before Bouton took his life. One was addressed to his mother and the other to his father. He evidently had become discouraged at his progress and decided to end his life.

After his investigation, Coroner Woods issued a burial certificate, as the case was plainly one of suicide. Bouton was an industrious young man of Fleischmanns and his rash act has caused general regret there.

## A Car of Universal Appeal

REACHING the peak of possibility in every department of motor car performance; delivering under every condition the maximum of efficiency with a corresponding minimum of operating cost, the Cole Aero-EIGHT has changed completely all former conceptions of what a motor car can be made to do.

## Meets Every Need

The Cole Aero-EIGHT develops 80 horsepower, yet its fuel demands are surprisingly inconsequential.

Its pickup and speed give it the fleetness of a bird, yet for the hills and deep sand it has a relentless brutality which knows no compromise.

It weighs only 3,600 pounds, yet it has the stamina and strength of a giant—capacity that enabled it to serve so valiantly all through the war.

Its 15,000 miles on tires is a feature of unequalled economy, while its spacious roominess affords a palatial repose and luxurious comfort.

Its designs are daring departures from the conventions of automobile tradition, but its refinements reflect the most staid propriety.

The Cole Aero-EIGHT has introduced new standards both of performance and appearance. It offers as realities of the present ideals which seemed intended for fulfillment only at some future time.

The Cole Aero-EIGHT is a car of universal appeal, of universal utility. It dominates the field of automotive achievement as a leader in every recent phase of motor car advancement.
